Laboratories

The college is well equipped with laboratories and aims to give the students hands-on training & experiments. The labs are well designed to permit the students with ample working space. It provides students an opportunity to develop and refine their technical skills. At GMHPUC, teacher-student interaction boosts a learning experience among the students through experiments which can help them to explore themselves in Physics, Chemistry, Biology and Computer Science.

Sports

GMHPUC ensures a healthy lifestyle within the student community by encouraging them to participate in indoors and outdoors games. GMHPUC has a reputation in the past winning in various inter collegiate tournaments.

Our students Bagged

1st Prize, 2nd Prize & 3rd Prize
in Taluk Level & District Level Sports below are:
Football, Handball, Badminton, Athletics:
800 mtr, 100 mtr, Cross country,
Long Jump, Hammer throw.

Seminar Hall & Audio-Visual Room

The college provides spacious seminar halls fully air-conditioned with a captivating ambience, different from the usual classroom atmosphere for presentations, guest lectures and seminars. A well-equipped hall facilitates various programs like Annual Day, Alumni Meet, Parent Teacher Meet, Exhibitions etc., Apart from class room lectures, students need to upkeep themselves with a variety of skills with team spirit and leadership qualities. GMHPUC also promotes varied kinds of activities.

Audio-Visual Room is well equipped with specialized projectors, smart-boards stereo sound and wireless connectivity that encourage active participation and collaboration. AVR (Audio-Visual Room) is used for conventional and innovative teaching, special lectures and demonstrations, workshops and community out reach and others programmes.

Library

The library is not a shrine for the worship of books. It is not a temple where literary incense must be burned or where one's devotion to the bound book is expressed in ritual. "A library, to modify the famous metaphor of Socrates, should be the delivery room for the birth of ideas - a place where history comes to life. Books are what give an institution its soul".
unlimited access to online academic resources.

CCTV Surveillance

- Safe Environment with CCTV Surveillance
- 24 hours well experienced security staff monitors safe entry and exit of the students.
- Entire college campus is under the surveillance of CCTV cameras.

Seminars & Workshops

The College organises Annual Science exhibition in every year in the month of December to cultivation scientific thrust among students and orientation programmes on various subject are offered to students & Faculties.

A guest lecture will be invited to discuss "Importance of second PUC exam pattern & weightage scheme" & brief about the topics & presented category-wise marks allocation/weightage scheme & exam pattern for second PUC board exam.

Inaugurated by **Shri Narendra Modi**

ABOUT US

GM Halamma PU College is a Pre-University level college offering Science and Commerce courses. The college has a unique career oriented approach that seeks to foster creativity and growth. Learning science is the greatest collective endeavor. It contributes to ensuring a longer and healthier life, monitors our health, provides medicine to cure our diseases, alleviates aches and pains, helps us to provide water for our basic needs - including our food, provides energy and makes life more fun, including sports, music, entertainment and the latest communication technology. Commerce as a stream helps in gaining in-depth knowledge of Business, Accounts, Finance and Economics. The courses are designed to develop the business acumen, financial literacy and analytical skills.

Vision

Contributing to the society by moulding professionals for the future through an innovative, rigorous and compassionate approach to education. This means:

- We continually strive to strengthen and improve the positive impact we have on our students and community
- We continually strive to innovate - finding new and more effective ways to educate and help students to overcome their weaknesses
- We sustain rigor in our work - holding high standards and expectations for both our students and for ourselves
- We approach our work with compassion - acknowledging the whole person, working with integrity and caring, accepting people where they are and moving them forward without sacrificing standards or expectations; bringing joy, honesty, and understanding to our work.

Mission

GM HALAMMA PU COLLEGE inspires, prepares, and empowers students to succeed in a changing world. This means:

- We inspire students to learn and to develop as whole people: intellectually, physically, and emotionally.
- We inspire students to continue learning throughout life
- We prepare and empower students to be successful by helping them develop the knowledge, skills and abilities needed to enter or progress within the work force, and to adapt and thrive in our increasingly diverse and ever-changing world.

54 Acres

Large Campus with Hostel Facility for Both Girls & Boys

From Principal's Desk

Dear students & parents,
Greetings from GM Halamma Pre-university college. "Education is the most powerful weapon to change the world". Education is the ability to meet life situations. With resistance and diligence laced with knowledge and intellect, one can soar to an extent one desires. The thrust of education at GM HALAMMA PRE UNIVERSITY COLLEGE is not only to produce mere education but the bright young men and women equipped enough to foray into the world with an all round development of personality.

Our vision of the institution is "To provide an effective and caring academic environment that nurtures original thinking and transforms today's students into tomorrow's young, confident & socially responsible leaders." Our vision ensures that students are thorough with fundamentals which would equip him/her to tackle Board and Competitive exams with ease. I feel happy when the bright and talented students perform remarkably well. However, what makes me happier is when a weak student from a rural or economically deprived, progresses steadily from poor performance to better performance, moving towards excellence.

I assure that college will play a meaningful role in the competitive times ahead and scale new heights, translating the dreams of the people of the area into reality and bring quality education in this area.

GM HALAMMA PU COLLEGE understands that Pre University education is unique in many ways. Not only it is a stepping stone for any professional course a student may choose to opt in the future, but the limited time it provides for preparation for multiple examinations makes it a challenge and causes stress for many. Hence imparting education at this level does not confine only to the syllabi but includes highly diversified contents of competitive entrance exams like NEET, JEE Advanced, JEE Main, CET for Science Students & CA-Foundation for Commerce Students.

Message from the Dr. G.M Siddeshwara Member of Parliament

GMH PU College, Davanagere has been imparting quality education for the several years. I am immensely delighted to learn that the college has been approved by Govt. of Karnataka and granted affiliation by Dept. of Pre-University Education. The college has started coaching students in NEET, IIT-JEE, KCET, CA - Foundation. My best wishes to GMH PU College. May your journey towards excellence witness unprecedented success in the future.

- Dr. G.M Siddeshwara Member of Parliament

Message from the Chairman

Prishyla Educational Trust (RET)

I believe that every moment in life is a fresh beginning that brings endless new possibilities. The appreciation is compounded when there is a worthy goal. Since the time we began in 2011, we have constantly strived for excellence. Education is an important phase in influencing the future career, we have extended ourselves beyond the academics through a well-scheduled plan integrating curricular, co-curricular and extracurricular activities.

GMH PUC strives for excellence. I am sure that the plethora of information provided in our website offers our existing and aspiring students will be of great help to the students. Today, GMH PUC, the first 'corporatized' institute for IIT-JEE and other engineering entrance exams training, enjoys a track record of unparalleled results. Needless to say, the endeavor to nurture and enrich the quality of education will be our main focus and we will constantly better ourselves to reach our goals. Wishing you the best.

Sri. G.M. Prasanna Kumar

Message from the Chairman

GM Group

Sri. G.M. Lingaraju

In today's technology driven world, knowledge is free and it is available to the students at different open sources, right from highly educated parents, peers, media and the omniscient internet world. Such open sources help by making the student knowledgeable no doubt, but fails to mold the individual as a professional.

To have a successful career, one needs to get equipped with the necessary tools which by and large are obtained by the conventional methods of learning - "The educational institutions". There are many formulae to achieve success but few to retain it: The success attained, is sustained only with a character based on values.

The greatest challenge of education today is to provide the right blend of knowledge and values in today's world of materialism. The curriculum and the syllabi is framed to integrate the knowledge and skills necessary to groom the students into professionals or make them - "MARKET READY", but has little scope for developing the personality of the individual. The onus of inculcating ethics and humanitarian ideals, lays on the schools and colleges, which to a large extent is neglected in the rat race to churn out academic toppers.

I strongly believe that GMH PUC will continue to grow and reach the highest form of excellence. As the best for all the existing and prospective students. Wishing you the very best.

A Day @ gmh puc @ Hostel Students
